

Nisamudheen c

Blockchain Developer

I enjoy problem-solving and coding. Always strive to bring 100% to the work I do. I have worked on technologies like php, MySQL, HTML5, CSS, JavaScript, Java, C, during my bachelor's and after that i learned Node js, MongoDB, React, Blockchain , solidity and web3 myself. I am web3 and blockchaiin enthusiast, passionate about developing complex applications that solve real-world problems impacting millions of users.

EDUCATION

Bachelor of Computer Application - BCA University of Calicut

06/2018 - 03/2021

PERSONAL PROJECTS

Blockchain using javascript

- created a block chain with java script inspired from bitcoin.
- this include cryptocurrency,wallet , make transaction, can broadcast each transaction into each node in using Redis server.
- transaction made fist its go to memory pool after the validation over it will add to the block.

classroom manajement system (11/2020 - 12/2020)

- Two module tutor and student. Tutor can add assignment ,event(free, paid) , assign notes , add new students, edit profile
- student can view assignment , note, event and also can submit assignment ,notes,mark attendance
- Event payment (if paid event) Razorpay, paytm and paypal intracration
- login include otp registration

WORK EXPERIENCE

Blockchain Brocamp

10/2021 - Present

Achievements/Tasks

- learn solidity , web3 js
- understand a clear pitcher about block chain and web3
- projects votingsystem, certificat dapps

self taught nodejs Developer

11/2020 - 03/2021

Achievements/Tasks

- complied a project classroom management system
- learnd node js
- learnd to solve a proble

SKILLS

Ehtereum

Solidity

JavaScript
